AI for Robotics in Manufacturing National Assessment

The ARM Institute, in collaboration with the Institute's Data for Artificial Intelligence Working Group (DAWG), is completing a major, national

Take Our National Assessment: AI for Robotics in Manufacturing

manufacturing assessment to identify and prioritize the development of guidance, tools and strategies to help improve how manufactures implement and sustain Artificial Intelligence (AI) / Machine Learning (ML) solutions for advanced manufacturing robotic systems.

Companies of all sizes often look to AI/ML and robotics to improve quality, performance, and safety, but often don't know how to start or maintain these capabilities. This national effort is intended to address these inhibiting factors and inform future investments.

Massachusetts Manufacturers
Why Marketing & Sales is critical moving forward in 2023

- Massachusetts Manufacturers**
7-part workshop series is designed to develop and train Massachusetts manufacturers with a marketing tool kit needed to compete on the local and global stage.
- Workforce Training Funds**
The Marketing & Sales workshops will be covered under the Workforce Training Express Grant program. No cash flow obligation to Massachusetts manufacturers to participate.
- Consortium**
This Sales and Marketing Consortium will consist of 4 to 6 companies interested in learning how to maximize their dollars on sales and marketing tactics.

Join us for an information session on the who, what, where, when and why this opportunity is for you!
November 16th 11 AM - 12 PM

MassMEP
